Reason for surrender	

1. I understand that the above name animal(s) is/are being surrendered for their continued welfare and that ARC accepts the animal(s) in an AS IS condition.
2. ARC assumes full ownership including responsibility for any illnesses and will provide appropriate veterinary care for the surrendered animal(s). Should a surrendered animal prove to be too old, sick, frail, or behaviorally incompatible to be adopted, it will become a permanent resident of ARC or will be placed in an appropriate Foster Home.

3. No animal will be euthanized except as a means to preclude pain and suffering resulting from an intractable medical condition. No animal will be knowingly placed in a home or institution for the purpose of ritual, rite, contest, display or medical experimentation.
4. ARC guarantees to the surrendering party that the animal(s) will receive utmost in care and consideration in the placement with a new owner and that future contact with the new owner will be done in the interest of continued health and welfare concerns. ARC operates as a service to animals and as such is not a business.

I have read, understand and agree to all of the above.
